

BLUEBERRY SWIRL

CREAM LIQUEUR

OVERVIEW

This small-batch, handcrafted spirit sparks the joy of childhood summers. The taste of sweet blueberry ice-cream, blended with our white whiskey, takes you back to a simpler time. Enjoy over ice for a refreshing dessert drink, or mix with lemonade for a summertime cocktail.

OUR WHISKEY

Everything at Fordham Lee Distillery begins with our whiskey. After years of small batch testing, we're finally satisfied that we have a result worth sharing. The perfect corn, barley and rye mash distills down to a white whiskey. For our cream blended liqueurs, we blend this with a fresh cream and flavor with natural fruits. For our bourbons, the white whiskey is put into new, charred, American Oak barrels and aged until we say it's ready. We're proud of the result and we thank you for supporting us.

OUR DISTILLERY

Nestled in Maryland's Middletown Valley, Fordham Lee Distillery was founded by Bill Poffenbarger, who believes the best bourbons are perfected from grain-to-glass, and believes in the value of family, friendship, and having a good time. His journey from whiskey connoisseur to bourbon entrepreneur spans many decades, taking time to craft the best whiskey he could. Bill named his distillery in honor of his son, Fordham Lee, and named the high-rye bourbon in honor of Bruce's son, Zachary Edward.

BRAND SPECIFICATIONS

15% ALC. BY VOL **30** PROOF **750** MILLILITERS

PRODUCED & BOTTLED BY
